PRESS RELEASE

ABSI Named to Inc. Magazine's List of the Mid-Atlantic Region's Fastest-Growing Private Companies

March 16, 2022: Inc. Magazine announced that ABSI Aerospace & Defense ranks No. 61 in the third-annual Inc. 5000 Regionals Mid-Atlantic list. The list ranks fast-growing, private companies based in Delaware, District of Columbia, Maryland, North Carolina, Virginia, and West Virginia, and represents a unique look at the most successful organizations within the region's economy. Headquartered in California, Maryland, ABSI is ranked amongst the highest performing companies on this prestigious list, which uniquely captures the dynamic economic segment of independent small business.

The recognition comes at a moment of significant growth for the company, which has locations in 11 different US states. "ABSI was born out of the vision to offer critical technologies and training solutions for the warfighter. For the past year, we have worked tirelessly to develop our capabilities, and we're thrilled to see those efforts recognized with placement on the Inc. 5000 Regionals list for a second straight year," said Chris Sacco, CEO for ABSI.

Companies on this list show a remarkable rate of growth across all industries in the Mid-Atlantic region. Between 2018 and 2020, they added over 7,000 jobs and nearly \$2 billion to the region's economy. "This year's Inc. 5000 Regional winners represent one of the most exceptional and exciting lists of America's off-the-charts growth companies. They're disrupters and job creators, and all delivered an outsize impact on the economy. Remember their names and follow their lead. These are the companies you'll be hearing about for years to come," says Scott Omelianuk, editor-in-chief of Inc.

Complete results of the Inc. 5000 Regionals: Mid-Atlantic, including company profiles and an interactive database can be found at <https://www.inc.com/regionals/mid-atlantic>.

ABOUT ABSI

ABSI Aerospace & Defense was founded with the goal of delivering rapidly executable solutions to assist government acquisition managers in supplying the warfighter with critical UAS technologies and training. With former combat operators, program managers, test pilots, logisticians, and systems engineers, ABSI understands the challenges created by the rapid requirements tempo and the extended procurement process. Headquartered in Patuxent River, Maryland, ABSI is a Service-Disabled, Veteran-Owned Small Business with locations across the country.
